

# EUROPIA

*When you can play together,  
you can live together*

# What's up with Europe?

- *Diversity is stigmatised instead of celebrated*
- *Loneliness is on the rise despite increased accessibility*
- *Europe is polarising and losing its connecting values*
- *Migration is increasing, tolerance is diminishing*

# *So what are we going to do about it?*

- Have serious fun and meaningful play with each other*
- Create an Expo to discover each others cultures and potential*
- Set up projects together that incorporate all this potential*

The background features a stylized landscape with wavy, layered bands of color. The top half consists of various shades of blue, ranging from light to medium, creating a sky-like effect. The bottom half consists of various shades of green, ranging from light to dark, creating a grassy or hilly effect. The text is centered in the white space between these two sections.
